## Bulletin

JUNE/JULY 1983 ISSUE 7

DX INFORMATION EXCHANGE WEDNESDAY 0030Z 147.18

Ted, WA4VCC, has requested that a certain item be mentioned in this newsletter. The 147.18 repeater is an open repeater and we should try and respond whenever a newcomer comes on the frequency seeking information, etc. Frequently we will have someone passing through our area and he should be assisted whenever possible.

### CONTEST EFFORT

The next item concerns CDXA putting on a major contest effort during the CQ WW Phone Contest this October from the OTH of Roger Burt, N4ZC. Roger is willing to let the club use his fantastic array of antennas, etc. if we can get enough seriously interested members to participate. This will be a highly organized effort with no last minute scrambling. Ted feels at this point that 12 to 15 people will be needed. Each person will be assigned a specific job to last for a specified period of time. It will not be necessary to "camp out" at Roger's. You will know when to arrive and leave. Experienced contesters are being solicited as well as those that have never participated in a contest. Please contact Ted as soon as possible if you are for participating in this effort. We need an early head count in order to start putting everything together.

### MEETINGS

A dinner meeting with speaker will be held in September. Election of officers for 1984 will also be held at this meeting. A Christmas party will be held in December. More details to follow.

#####

If at first you don't succeed -----

This is the motto of INDEXA after the shipment of some equipment for a 70 operation by J28AZ went haywire at the last minute. The equipment was to have been accepted by a radio officer on the tanker Cove Tide. At the last minute his union assigned him to a different vessel. His replacement was another ham by the name of Bob, W5KIW. He agreed to handle the equipment conditioned upon acceptance by his Captain. Unfortunately the ship sailed before the ham in Fla. who was to deliver the equipment if the Capt. said OK, got word the ship was leaving -----in fifty minutes.

INDEXA is proceeding to regroup and to get a station on the air from 70. J28AZ claims to have a valid license in hand. Originally the license permitted no contacts with U.S. stations. This was overcome by INDEXA's agreement to leave the transceiver, VFO & antenna in Yemen. All is conditioned on a

### BUY SELL TRADE

Trade Hygain 15 Meter 5 Element Longjohn for 2 Meter rig, Murf, W4MMQ, 803-366-9057

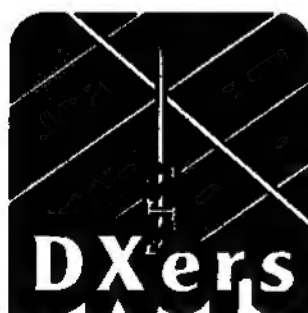

(cont.)

valid license being OK'd by the ARRL prior to handing over the equip. to J28AZ. The license has no effective date, only a 5 day operating limit. Stay tuned for future developments.

As most of you know INDEXA stands for International DX Association. What many of you do not know is that Gary Dixon, K4MQG is Pres. and Murf, W4MMQ is Tres. This puts INDEXA right in our backyard and we should get a wealth of DX information from this truly international organization. You will recognize many of their officers:

	<u>Directors</u>
Pres. - K4MQG	F8RU
1st VP - K5OS	0A40S
2nd VP - W4FRU	J37AH
3rd VP -	VK6RU
Sec. - N5BQR	VS6CT
Tres. - W4MMQ	
Chair. - PY2PE	

The annual dues are \$10. and if you wish to join send your check to: International DX Association
